## News June 2024

Dear CTC

After completely selling out, our special version of Mark's Gospel has just been reprinted!

24% of practising Christians said reading the Bible was a key influence in bringing them to faith and 22% of non-Christians said that the Bible is where they would go to learn more about the Christian faith (Talking Jesus Report 2022).

This beautifully illustrated Gospel is perfect as a summer festival or fun day handout. Whatever you're doing this summer, give someone the opportunity to find out more about Jesus.
